"A young girl who is empowered, capable, and smart...the Enola Holmes book series convey an impactful message that you can do anything if you set your mind to it, and it does so in an exciting and adventurous way."--Millie Bobby Brown Enola Holmes is back! Nancy Springer's nationally bestselling series and breakout Netflix sensation returns to beguile readers young and old in

Enola Holmes and the Black Barouche. Enola Holmes is the much younger sister of her more famous brothers, Sherlock and Mycroft. But she has all the wits, skills, and sleuthing inclinations of them both. At fifteen, she's an independent young woman--after all, her name spelled backwards reads 'alone'--and living on her own in London. When a young professional woman, Miss Letitia Glover, shows up on Sherlock's doorstep, desperate to learn more about the fate of her twin sister, it is Enola who steps up. It seems her sister, the former Felicity Glover, married the Earl of Dunhynch and per a curt note from the Earl, has died. But Letitia Glover is convinced this isn't the truth, that she'd know--she'd feel--if her twin had died. The Earl's note is suspiciously vague and the death certificate is even more dubious, signed it seems by a John H. Watson, M.D. (who denies any knowledge of such). The only way forward is for Enola to go undercover--or so Enola decides at the

vehement objection of her brother. And she soon finds out that this is not the first of the Earl's wives to die suddenly and vaguely--and that the secret to the fate of the missing Felicity is tied to a mysterious black barouche that arrived at the Earl's home in the middle of the night. To uncover the secrets held tightly within the Earl's hall, Enola is going to require help--from Sherlock, from the twin sister of the missing woman, and from an old friend, the young Viscount Tewkesbury, Marquess of Basilwether! Enola Holmes returns in her first adventure since the hit Netflix movie brought her back on the national bestseller lists, introducing a new generation to this beloved character and series.

The Younger Wife St. Martin's Press

A fascinating look at the way we age today and the extent to which we can shape the process In *What Makes Olga Run?* Bruce Grierson explores what the wild success of a ninety-four-year-old track star can tell us about how our bodies and minds age. Olga Kotelko is not your average ninety-four-year-old. She not only looks and acts like a much younger woman, she holds over twenty-three world records in track and field, seventeen in her current ninety to ninety-five category. Convinced that this remarkable woman could help unlock many of the mysteries of aging, Grierson set out to uncover what it is that's driving Olga. He considers every piece of the puzzle, from her diet and sleep habits to how she scores on various personality traits, from what she does in her spare time to her family history. Olga participates in tests administered by some of the world's leading scientists and offers her DNA to groundbreaking research trials. What emerges is not only a tremendously uplifting personal story but a look at the extent to which our health and longevity are determined by the DNA we inherit at birth, and the extent to which we can shape that inheritance. It examines the sum of our genes, opportunities, and choices,

and the factors that forge the course of any life, especially during our golden years.

Gold B1+ Pre-First New Edition Exam Maximiser with Key Farrar, Straus and Giroux

Brent Spiner 's explosive and hilarious novel is a personal look at the slightly askew relationship between a celebrity and his fans. If the Coen Brothers were to make a Star Trek movie, involving the complexity of fan obsession and sci-fi, this noir comedy might just be the one. Set in 1991, just as Star Trek: The Next Generation has rocketed the cast to global fame, the young and impressionable actor Brent Spiner receives a mysterious package and a series of disturbing letters, that take him on a terrifying and bizarre journey that enlists Paramount Security, the LAPD, and even the FBI in putting a stop to the danger that has his life and career hanging in the balance. Featuring a cast of characters from Patrick Stewart to Levar Burton to Trek creator Gene Roddenberry, to some completely imagined, this is the

fictional autobiography that takes readers into the life of Brent Spiner, and tells an amazing tale about the trappings of celebrity and the fear he has carried with him his entire life. Fan Fiction is a zany love letter to a world in which we all participate, the phenomenon of “ Fandom. ”

Freakboy MacMillan Education, Limited

An eye-opening investigation of America ’ s rural and suburban housing crisis, told through a searing portrait of precarious living in Disney World's backyard. Today, a minimum-wage earner can afford a one-bedroom apartment in only 145 out of 3,143 counties in America. One of the very worst places in the United States to look for affordable housing is Osceola County, Florida. Once the main approach to Disney World, where vacationers found lodging on their way to the Magic Kingdom, the fifteen-mile Route 192 corridor in Osceola has become a site of shocking contrasts. At one end, global investors snatch up foreclosed properties and park their capital in extravagant vacation homes for affluent visitors, eliminating the county ’ s affordable housing in the process. At the other, underpaid tourist industry workers, displaced families, and disabled and elderly people subsisting on government checks cram themselves into dilapidated, roach-infested motels, or move into tent camps in the woods. Through visceral, frontline reporting from the motels and encampments dotting central Florida, renowned social analyst Andrew Ross exposes the overlooked housing crisis sweeping America ’ s suburbs and rural areas, where residents suffer ongoing trauma,

poverty, and nihilism. As millions of renters face down evictions and foreclosures in the midst of the COVID-19 recession, Andrew Ross reveals how ineffective government planning, property market speculation, and poverty wages have combined to create this catastrophe. Urgent and incisive, Sunbelt Blues offers original insight into what is quickly becoming a full-blown national emergency.

Mixed Ability Classes Henry Holt and Company

Raj Patel, the New York Times bestselling author of The Value of Nothing, teams up with physician, activist, and co-founder of the Do No Harm Coalition Rupa Marya to reveal the links between health and structural injustices--and to offer a new deep medicine that can heal our bodies and our world. The Covid pandemic and the shocking racial disparities in its impact. The surge in inflammatory illnesses such as gastrointestinal disorders and asthma. Mass uprisings around the world in response to systemic racism and violence. Rising numbers of climate refugees. Our bodies, societies, and planet are inflamed. Boldly original, Inflamed takes us on a medical tour through the human body—our digestive, endocrine, circulatory, respiratory, reproductive, immune, and nervous systems. Unlike a traditional anatomy book, this groundbreaking work illuminates the hidden relationships between our biological systems and the profound injustices of our political and economic systems. Inflammation is connected to the food we eat, the air we breathe, and the diversity of the microbes living inside us, which regulate everything from our brain ’ s development to our immune system ’ s functioning. It ’ s connected to the number of traumatic events we experienced as children and to the traumas endured by our ancestors. It ’ s connected not only to access to health care but to the very

models of health that physicians practice. Raj Patel, the renowned political economist and New York Times bestselling author of *The Value of Nothing*, teams up with the physician Rupa Marya to offer a radical new cure: the deep medicine of decolonization. Decolonizing heals what has been divided, reestablishing our relationships with the Earth and one another. Combining the latest scientific research and scholarship on globalization with the stories of Marya's work with patients in marginalized communities, activist passion, and the wisdom of Indigenous groups, *Inflamed* points the way toward a deep medicine that has the potential to heal not only our bodies, but the world.

First Certificate Language Practice Roaring Brook Press
One of Vogue's Best Books of 2022 So Far, BuzzFeed's Summer Books You Won't Be Able To Put Down, Book Riot's Best Summer Reads for 2022, and Dazed's Queer Books to Read in 2022 "[Nevada] is defiant, terse, not quite cynical, sometimes flip, addressed to people who think they know. It is, if you like, punk rock." —The New Yorker "Nevada is a book that changed my life: it shaped both my worldview and personhood, making me the writer I am. And it did so by the oldest of methods, by telling a wise, hilarious, and gripping story." —Torrey Peters, author of *Detransition, Baby* A beloved and blistering cult classic and finalist for the Lambda Literary Award for Transgender Fiction finally back in print, *Nevada* follows a disaffected trans woman as she embarks on a cross-country road trip. Maria Griffiths is almost thirty and works at a used bookstore in New York City while trying to stay true to her punk values. She's in love with her bike but not with her girlfriend, Steph. She takes random

pills and drinks more than is good for her, but doesn't inject anything except, when she remembers, estrogen, because she's trans. Everything is mostly fine until Maria and Steph break up, sending Maria into a tailspin, and then onto a cross-country trek in the car she steals from Steph. She ends up in the backwater town of Star City, Nevada, where she meets James, who is probably but not certainly trans, and who reminds Maria of her younger self. As Maria finds herself in the awkward position of trans role model, she realizes that she could become James's savior—or his downfall. One of the most beloved cult novels of our time and a landmark of trans literature, Imogen Binnie's *Nevada* is a blistering, heartfelt, and evergreen coming-of-age story, and a punk-smeared excavation of marginalized life under capitalism. Guided by an instantly memorable, terminally self-aware protagonist—and back in print featuring a new afterword by the author—*Nevada* is the great American road novel flipped on its head for a new generation.

[What Makes Olga Run?](#) MacMillan

Carly Simon's New York Times bestselling memoir, *Boys in the Trees*, reveals her remarkable life, beginning with her storied childhood as the third daughter of Richard L. Simon, the co-founder of publishing giant Simon & Schuster, her musical debut as half of The Simon Sisters performing folk songs with her sister Lucy in Greenwich Village, to a meteoric solo career that would result in 13 top 40 hits, including the #1 song "You're So Vain." She was the first artist in history to win a Grammy Award, an Academy Award and a Golden Globe Award, for her song

"Let the River Run" from the movie Working Girl. The memoir recalls a childhood enriched by music and culture, but also one shrouded in secrets that would eventually tear her family apart. Simon brilliantly captures moments of creative inspiration, the sparks of songs, and the stories behind writing "Anticipation" and "We Have No Secrets" among many others. Romantic entanglements with some of the most famous men of the day fueled her confessional lyrics, as well as the unraveling of her storybook marriage to James Taylor.

Kelsey Green is the best reader in the third grade--well, maybe tied for best with know-it-all Simon Ellis. When the principal Mr. Boone announces a school-wide reading contest, complete with a pizza party for the winning class and a special certificate for the top readers in each grade, she knows she's just the person to lead Mrs. Molina's third graders to

victory. But how can they win when her classmate Cody Harmon doesn't want to read anything, and even Kelsey's best friends Annika and Izzy don't live up to her expectations? And could Simon possibly be reading all of those books that he claims he is, or is he lying to steal Kelsey's rightful spot at the top? Kelsey Green, Reading Queen is the first book in Claudia Mills's Franklin School Friends series.

Cambridge English First Result St. Martin's Press Dealing with Difficulties looks at the typical classroom and teaching management problems facing teachers and students of English in five main areas: large classes, discipline, mixed-level classes, homework, teaching exam classes. In each category, the authors provide a wide variety of techniques, activities and tips to turn classroom problems into actual learning opportunities.

First certificate Star Farrar, Straus and Giroux (BYR)

In response to criticism and disappointment from the Left, A Consequential President offers a bold assessment of the lasting successes and major achievements of President Obama. Had he only saved the U.S. economy with his economic recovery act and his program to restore the auto industry, President Obama would have been considered a successful president. He achieved so much more, however, that he can be counted as one of our most consequential presidents. With The Affordable Care Act, he ended the long-running crisis of escalating costs and inadequate access of treatment that had long-threatened the well-being of 50 million Americans. His energy policies drove down the cost of power generated by the sun, the wind,

and even fossil fuels. His efforts on climate change produced the Paris Agreement, the first treaty to address global warming in a meaningful way, and his diplomacy produced a dramatic reduction in the nuclear threat posed by Iran. Add the withdrawal of troops from Iraq, the normalization of relations with Cuba, and his "pivot" toward Asia, and President Obama's triumphs abroad match those at home. Most importantly, as the first African-American president, he navigated race relations and a rising tide of bigotry, including some who challenged his citizenship, while also fighting a Republican Party determined to make him one-term president. As a result, Obama's greatest achievement was restoring dignity and ethics to the office of the president, proof that he delivered his campaign promise of hope and change.

FCE Result Farrar, Straus and Giroux

New from the author of The Good Sister, the breakout New York Times bestseller and "stunningly clever thriller" (People), comes Sally Hepworth's latest novel of domestic suspense about the tangled vines of family secrets. "Smart, suspenseful, brimming with secrets. This is Sally Hepworth at her unputdownable best." -- Kate Morton, New York Times Bestselling Author THE HUSBAND A heart surgeon at the top of his field, Stephen Aston is getting married again. But first he must divorce his current wife, even though she can no longer speak for herself. THE DAUGHTERS Tully and Rachel Aston look upon their father's fiancée, Heather, as nothing but an interloper. Heather is younger than both of them. Clearly, she's after their father's money. THE FORMER WIFE With their mother in a precarious position, Tully and Rachel are determined to get to the truth about their

family ' s secrets, the new wife closing in, and who their father really is. THE YOUNGER WIFE Heather has secrets of her own. Will getting to the truth unleash the most dangerous impulses in all of them? More Praise for The Younger Wife: "[An] appealing domestic suspense novel from bestseller Hepworth [with a] fast-moving plot. This often funny and affecting outing should win Hepworth new fans." --Publisher's Weekly "Completely compulsive. Sally Hepworth delivers with this stay-up-late one-more-chapter gem." --Jane Harper, New York Times Bestselling Author "A warped tale [that] boasts Jane Harper ' s multilayered characters and Liane Moriarty ' s wealthy suburban world saturated with lies and deceit. With each domestic thriller, best-selling Hepworth shines brighter and draws in more readers." --Booklist

Readers will find: Many examples and vignettes Rubrics and

checklists for implementation of plans CD-ROM complete with slides and notes for workshop presentations
School's First Day of School Macmillan Elt
The "German question" haunts the modern world: How could so civilized a nation be responsible for the greatest horror in Western history? In this unusual fusion of personal memoir and history, the celebrated scholar Fritz Stern refracts the question through the prism of his own life. Born in the Weimar Republic, exposed to five years of National Socialism before being forced into exile in 1938 in America, he became a world-renowned historian whose work opened new perspectives on the German past. Stern brings to life the five Germanys he has experienced: Weimar, the Third Reich, postwar West and East Germanys, and the unified country after 1990. Through his engagement with the nation from which he and his family fled, he shows that the tumultuous history of Germany, alternately the strength and the scourge of Europe, offers political lessons for citizens everywhere—especially those facing or escaping from tyranny. In this wise, tough-minded, and subtle book, Stern, himself a passionately engaged citizen, looks beyond Germany to issues of political responsibility that concern everyone. Five Germanys I Have Known vindicates his belief that, at its best, history is our most dramatic introduction to a moral civic life.

(Oso pardo, oso parado, que ves ¿ qué ves ahí?). Children will immediately respond to Eric Carle's flat, boldly colored collages. Combined with Bill Martin's singsong text, they create unforgettable images of these endearing animals.

Macmillan English Grammar in Context MacMillan Education, Limited

The beginning of a hard sci-fi series, Deam Park is a visionary science fiction classic from Larry Niven and Steven Barnes A group of pretend adventurers suit up for a campaign called "The South Seas Treasure Game." As in the early Role Playing Games, there are Dungeon Masters, warriors, magicians, and thieves. The difference? At Dream Park, a futuristic fantasy theme park full of holographic attractions and the latest in VR technology, they play in an artificial enclosure that has been enhanced with special effects, holograms, actors, and a clever storyline. The

players get as close as possible to truly living their adventure. All's fun and games until a Park security guard is murdered, a valuable research property is stolen, and all evidence points to someone inside the game. The park's head of security, Alex Griffin, joins the game to find the killer, but finds new meaning in the games he helps keep alive. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
