The Fascist regime under Mussolini regarded its youth as its best hope for the future. Young people were courted more assiduously than any other group in the society and their political socialization became a central concern of the government. Believe, Obey, Fight discusses the various tools used by the Fascist regime from 1922 to 1943 to shape the political values and environment of the young. Tracy Koon focuses on the secondary agents of socialization, including the party, the educational establishment, youth groups, and the media of political communication. She shows that the response to this socialization ranged from apparent consent to dissent and finally to open opposition. The regime employed several methods to produce consensus among the young. Koon's analysis begins with a discussion of the rhetorical style of Mussolini's message and the key political myths manipulated by his propaganda machine: fascism as continuing revolution and social justice, the glories of ancient Rome, the hygienic function of war and violence, the religious spirit of the new creed, and the omniscience of the leader. She then describes the pre-Fascist educational system, the "most Fascist" Gentile reforms of 1923, and the later revision of those reforms by zealous party men engaged in the Fascist regimentation of teachers and students and the militarization and politicization of curricula and textbooks. Equally important agents of socialization were the Fascist groups organized for young people from their earliest years through the university level, including the annual national competitions and forums in which members could express their ideas on a range of issues. The regime provided physical, military, sports, and political training to strengthen the new Fascist society. Fascist socialization did for a time create a superficial consensus by appealing to both the love of conformity that marks the very young and the economic fears that caused students to conform in the hope of jobs. But Koon argues that the regime's attempt to exert totalitarian control over the young deprived them of personal identity. As time passed, the contradictions of the regime became clearer, the chasm between Fascist rhetoric and reality more obvious. In the end, the majority of young people came to believe that the regime had given them nothing to believe in, no one to obey, and nothing for which to fight. Originally published in 1985. "You said that you would not fail to improve yourself according to my teaching and correction, and you would do everything in your power to behave according to my wishes." [Prologue] "I urge you to bewitch and bewitch again your future husband, and protect him from holes in the roof and smoky fires, and do not quarrel with him, but be sweet, pleasant and peaceful with him. Make certain that in winter he has a good fire without smoke and let him slumber, warmly wrapped, cozy between your breasts, and in this way bewitch him. In summer take care that there are no fleas in your bedroom or bed." "If just once you displease him you will have a difficult time ever appeasing him enough so that the stain of his anger does not remain engraved and written on his heart. Although

he may not show it or mention it, your misdeed cannot soon be smoothed over and erased. Should a second act of disobedience occur, watch out for his vengeance..." "Gardeners say that rosemary seeds do not ever grow in French soil, but if you pluck little branches from a rosemary plant, strip them from the top downwards, take them by the ends and plant them, they will grow. If you want to send them far away, you must wrap the branches in waxed cloth, sew them up and then smear the outside with honey; then powder with wheat flour and you may send them wherever you wish." "But as soon as you arrive home, be diligent that you yourself or your men ahead of you, feed the dogs well, then give them fresh clean water in a basin to drink. Next have them put to bed on nice straw in a warm place, in front of the fire if they are wet or muddy, and let them always be held subject to the whip. If you act this way, they will not pester people at the table or sideboard and they will not get into the beds." "Since you must send Master Jehan to the butcher's shop, a list follows of the names of all the butchers' shops in Paris and the meats that they supply: At the Porte-de-Paris there are nineteen butchers who by common estimate sell weekly, if you average the busy season with the slow season: 1,900 sheep, 400 beefcattle, 400 pigs and 200 calves." —from *The Good Wife's Guide* In the closing years of the fourteenth century, an anonymous French writer compiled a book addressed to a fifteen-year-old bride, narrated in the voice of her husband, a wealthy, aging Parisian. The book was designed to teach this young wife the moral attributes, duties, and conduct befitting a woman of her station in society, in the almost certain event of her widowhood and subsequent remarriage. The work also provides a rich assembly of practical materials for the wife's use and for her household, including treatises on gardening and shopping, tips on choosing servants, directions on the medical care of horses and the training of hawks, plus menus for elaborate feasts, and more than 380 recipes. *The Good Wife's Guide* is the first complete modern English translation of this important medieval text also known as *Le Ménagier de Paris* (the Parisian household book), a work long recognized for its unique insights into the domestic life of the bourgeoisie during the later Middle Ages. *The Good Wife's Guide*, expertly rendered into modern English by Gina L. Greco and Christine M. Rose, is accompanied by an informative critical introduction setting the work in its proper medieval context as a conduct manual. This edition presents the book in its entirety, as it must have existed for its earliest readers. The Guide is now a treasure for the classroom, appealing to anyone studying medieval literature or history or considering the complex lives of medieval women. It illuminates the milieu and composition process of medieval authors and will in turn fascinate cooking or horticulture enthusiasts. The work illustrates how a (perhaps fictional) Parisian householder of the late fourteenth century might well have trained his wife so that her behavior could reflect honorably on him and enhance his reputation.

Beyond Obedience is a revolutionary new training program for you and your dog from one of our country's foremost animal advocates and holistic practitioners. The idea that your canine companion is a fully emotional being and acutely sensitive to your changing feelings and moods is the foundation of April Frost's original and highly effective training program. One of the most difficult aspects of training your dog is communicating your intentions clearly.

Beyond Obedience is the first book that works on the way you communicate with your dog, providing you with the necessary tools to truly understand how your dog's mind works and, therefore, how you can create an effective and mutually satisfying relationship. Drawing on her extensive experiences as an animal behaviorist, Frost teaches you that training your dog should not be a tedious chore limited to exerting physical and psychological control over an animal's drives, but instead an enriching and spiritually fulfilling experience--gratifying for both human and animal. Frost discusses such essential concepts as mutual respect, unconditional love, mental and emotional discipline, and your expectations and priorities. She shows you how the insights gained from working with your dog can have positive, far-ranging effects on many areas of your life. Beyond Obedience revolutionizes dog training by addressing the spiritual, physical, and psychological needs of dogs and people, teaching them to communicate effectively through powerful techniques, including visualization and energy work, and offering them valuable insight into the emotional bonds that enrich the lives of animals and their companions. Guidelines Dogs are born knowing how to bark, bite, dig, chew, chase, jump up on one another, eliminate when they need to, and snarl when they feel threatened. It is a challenge to get a dog to suppress or modify his instincts in order to make human existence more pleasant. If the dog reverts, you need to remember that these acts are not malicious; the dog is simply doing the best he can with information he has been given about living with and behaving in a socially acceptable way toward a totally different species. Dogs can learn whatever you can find a way to teach them, so long as it is within their physical capability to perform. Dogs, like humans, take the path of least resistance; they do only what works well and easily to satisfy their needs and desires. If it is a self-rewarding

move, they will repeat and escalate the behavior, whether that behavior is in harmony or conflict with your wishes. Every dog has its own point of motivation, a trigger that will evoke a response and awaken its desire to respond to its human.

"Jennifer G. Bird analyzes the construction of wives' subjectivity in 1 Peter, working primarily with what is referred to as the *Haustafel* (household code) section and engaging feminist critical questions, postcolonial theory and materialist theory in her analysis. Bird examines the two crucial labels for understanding Petrine Christian identity--'aliens and refugees' and 'royal priesthood and holy nation'--and finds them to stand in stark contrast with the commands and identity given to wives in the *Haustafel* section. Similarly, the command to 'honour the Emperor', which immediately precedes the *Haustafel*, engenders a rich discussion of the text's socio-political implications. The critical engagement of several 'symptomatic irruptions' within the commands to the wives uncovers the abusive dynamic underlying this section of the letter. Finally Bird considers the present-day implications of her study."--Publisher description.

'The Prairie Chief' is a Western novel set during the Settlers era, where a Native American chieftain named Whitewing was featured prominently. He was a Red Indian of the North American prairies. Though not a chief of the highest standing, he was a very great man in the estimation of his tribe, for, besides being possessed of qualities which are highly esteemed among all savages—such as courage, strength, agility, and the like—he was a deep thinker, and held speculative views in regard to the Great Manitou (God), as well as the ordinary affairs of life, which perplexed even the oldest men of his tribe, and induced the younger men to look on him as a profound mystery.

Annotation The House of Obedience is about women in the Arab world who are still largely subject to a traditional set of beliefs and customs employed to justify a multiplicity of practices against them. The veil, physical mutilation, forced marriage, incarceration in the home, repudiation and polygamy are manifestations of this commitment to a traditional lifestyle, with the Islamic concept of the family as its keystone.

In this work, Houghtby-Haddon takes a new look at an old text, using a theory of the Social Imagination as an exegetical guide. In her exploration of the Bent-Over Woman story in Luke 13:10-17, Houghtby-Haddon uncovers clues suggesting that this story is a key interpretive text for seeing Luke's social vision for his community at work. Exploring mythic, social, communal, and cultural elements beneath the surface of the story, Houghtby-Haddon suggests that the Bent-Over Woman is the embodiment of Jesus' claim in the synagogue in Nazareth that "today, these Scriptures are fulfilled in your hearing" (Luke 4:16-21), and that the woman prefigures the post-Pentecost community that will gather in Jesus' name. The author concludes by taking the theory from the Gospel of Luke to the streets to see how a contemporary neighborhood group might use the Social Imagination model--and the new reading of the story of the Bent-Over Woman--to imagine a twenty-first-century social vision for its own community: a vision that more fully embodies the just community Jesus proclaims in Nazareth.

Created with Purpose

How does a woman build her house? Nancy Wilson begins with the kitchen table, remembering how each scratch and stain in the wood chronicles "hours of stories and jokes, questions and concerns (through courtships and pregnancies), prayers and discussions." She continues, each essay full of stories and encouragement -- the beauty of imperfection, the comfort of Velveeta, the strengths of mothers- and daughters-in-law, the honesty that is submission, the laughter of reading aloud. As ever, while Nancy draws out our sins and weaknesses and sore spots, she comforts us with the favor of God and rouses us to a joyous faith.
