A personal account of an Iraqi childhood Poppies of Iraq is Brigitte Findakly's nuanced tender chronicle of her relationship with her homeland Iraq, co-written and drawn by her husband, the acclaimed cartoonist Lewis Trondheim. In spare and elegant detail, they share memories of her middle class childhood touching on cultural practices, the education system, Saddam Hussein's state control, and her family's history as Orthodox Christians in the Arab world. Poppies of Iraq is intimate and wide-ranging; the story of how one can become separated from one's homeland and still feel intimately connected yet ultimately estranged. Signs of an oppressive regime permeate a seemingly normal life: magazines arrive edited by customs; the color red is banned after the execution of General Kassim; Baathist militiamen are publicly hanged and school kids are bussed past them to bear witness. As conditions in Mosul worsen over her childhood, Brigitte's father is always hopeful that life in Iraq will return to being secular and prosperous. The family eventually feels compelled to move to Paris, however, where Brigitte finds herself not quite belonging to either culture. Trondheim brings to life Findakly's memories to create a poignant family portrait that covers loss, tragedy, love, and the loneliness of exile. Poppies of Iraq has been translated from the French by Helge Dascher. Dascher has been translating graphic novels from French and German to English for over twenty years. A contributor to *Drawn & Quarterly* since the early days, her translations include acclaimed titles such as the Aya series by Marguerite Aboutet and Clément Oubrerie, *Hostage* by Guy Delisle, and *Beautiful Darkness* by Fabien Vehlmann and Kerascoët. Times Top 25 Non-Fiction Book of 2009 An NPR Best Book of the Year, Best Memoir With this stunning graphic memoir, David Small takes readers on an unforgettable journey into the dark heart of his tumultuous childhood in 1950s Detroit, in a coming-of-age tale like no other. At the age of fourteen, David awoke from a supposedly harmless operation to discover his throat had been slashed and one of his vocal chords removed, leaving him a virtual mute. No one had told him that he had cancer and was expected to die. The resulting silence was in keeping with the atmosphere of secrecy and repressed frustration that pervaded the Small household and revealed itself in the slamming of cupboard doors, the thumping of a punching bag, the beating of a drum. Believing that they were doing their best, David's parents did just the reverse. David's mother held the family emotionally hostage with her furious withdrawals, even as she kept her emotions hidden -- including from herself. His father, rarely present, was a radiologist, and although David grew up looking at X-rays and drawing on X-ray paper, it would be years before he discovered the shocking consequences of his father's faith in science. A work of great bravery and humanity, *Stitches* is a gripping and ultimately redemptive story of a man's struggle to understand the past and reclaim his voice.
