Syntactic Parsing Strategies in Italian John Murray

It's true that some people spend years studying Italian before they finally get around to speaking the language. But here's a better idea. Skip the years of study and jump right to the speaking part. Sound crazy? No, it's language hacking. Unlike most traditional language courses that try to teach you the rules of Italian, #LanguageHacking shows you how to learn and speak Italian through proven memory techniques, unconventional shortcuts and conversation strategies perfected by one of the world's greatest language learners, Benny Lewis, aka the Irish Polyglot. Using the language hacks -shortcuts that make learning simple - that Benny mastered while learning his 11 languages and his 'speak from the start' method, you will crack the language code and exponentially increase your language abilities so that you can get fluent faster. It's not magic. It's not a language gene. It's not something only "other people" can do. It's about being smart with how you learn, learning what's indispensable, skipping what's not, and using what you've learned to have real conversations in Italian from day one. The Method #LanguageHacking takes a modern approach to language learning, blending the power of online social collaboration with traditional methods. It focuses on the conversations that learners need to master right away, rather than presenting language in order of difficulty like most courses. This means that you can have conversations immediately, not after years of study. Each of the 10 units culminates with a speaking 'mission' that prepares you to use the language you've learned to talk about yourself. Through the

language hacker online learner community, you can share your personalized speaking 'missions' with other learners - getting and giving feedback and extending your learning beyond the pages of the book . You don't need to go abroad to learn a language any more.

As humans re-negotiate their boundaries with the nonhuman world of animals, inanimate entities and technological artefacts, new identities are formed and a new epistemological and ethical approach to reality is needed. Through twelve thought-provoking, scholarly essays, this volume analyzes works by a range of modern and contemporary Italian authors, from Giacomo Leopardi to Elena Ferrante, who have captured the shift from anthropocentrism and postmodernism to posthumanism. Indeed, this is the first academic volume investigating narrative configurations of posthuman identity in Italian literature and film.

Foreword Amalia is a heroin, a mother and a wife: she retraces the events of her family through three generations. She welcomes their inheritance in a hard struggle to survive between a Country's rural age at its sunset and a working-class Milan in which the war is perceived by apocalyptic aerial bombardments and alarm sirens. Of the war she talks about the anxiety and the horror: she faces losses and mourning with an aching and courageous heart, with the determination to build a future for her and her little daughter and with the certainty of the return of her never forgotten hero, Commander Guido. He, in the meanwhile, is engaged with his patrol in an epic crossing of the Sahara desert through Libya, Tunisia and Algeria, trying to bring his men to safety. Prefazione Eroina, madre e sposa ripercorre le vicende della sua famiglia attraverso tre generazioni, accoglie la loro eredità in una dura lotta per sopravvivere tra l'epoca contadina al tramonto e una Milano operaia in cui la guerra è percepita dagli apocalittici bombardamenti aerei e dalle sinistre sirene di allarme. Della guerra racconta l'ansia e l'orrore, affrontando con cuore dolente e coraggioso perdite e lutti, con la determinazione di costruire un futuro per lei e la piccola figlia, con la certezza del ritorno del mai dimenticato eroe, comandante Guido, impegnato con la sua pattuglia in una epica traversata del deserto del Sahara tra la Libia, la Tunisia e l'Algeria portando in salvo la vita dei suoi uomini.
