 The Ideal Muslimah  
 This an incredibly  
 sane book, which can  
 help a woman (who is  
 truly female), keep  
 her head on straight  
 and not get lost in a  
 very dangerous game  
 where she only stands  
 to lose. Satan will  
 try to convince women  
 that they have the  
 right to challenge the  
 boundaries of their  
 existence. This book  
 more than anything can  
 help a woman became a  
 decent, loving,  
 compassionate and  
 honest person, which  
 is a huge challenge  
 for most people. This  
 is an excellent book  
 to not only have as a  
 reference book, but to  
 read many times. The  
 book covers everything  
 from the relationship  
 to Allah (God),  
 hospitality to  
 Marriage and family.

**Your Questions Answered volume V**

Dar-Salam.Org  
Any divide between revelation and rationality, religion and logic has to be irrational. If religion and rationality cannot proceed hand in hand, there has to be something deeply wrong with either of the two. Does revelation play any vital role in human affairs? Is not rationality

sufficient to guide man in all the problems which confront him? Numerous questions such as these are examined with minute attention. All major issues which intrigue the modern mind are attempted to be incorporated in this fascinatingly comprehensive statute. Whatever the intellectual or educational background of the reader, this book is bound to offer him something of his interest. It examines a very diverse and wide range of subjects including the concept of revelation in different religions, history of philosophy,

---

cosmology, extraterrestrial life, the future of life on earth, natural selection and its role in evolution. It also elaborately discusses the advent of the Messiah, or other universal reformers, awaited by different religions. Likewise, many other topical issues which have been agitating the human mind since time immemorial are also incorporated. The main emphasis is on the ability of the Quran to correctly discuss all important events of the past, present and future from the beginning of the universe to its ultimate end. Aided by strong incontrovertible

logic and scientific evidence, the Quran does not shy away from presenting itself to the merciless scrutiny of rationality. It will be hard to find a reader whose queries are not satisfactorily answered. We hope that most readers will testify that this will always stand out as a book among books - perhaps the greatest literary achievement of this century.

Where Shariah is the refined version of the basic concepts of Islam, Sufism is its entire cosmos, untold truth and the soul itself. **The All-Pakistan Legal Decisions** Sohale Sizar

This book discusses the role of women in jihadi organizations. It explores the critical puzzle of why, despite the traditional restrictive views of Islamic jurisprudence on women's social activities, the level of women's incorporation into some jihadi organizations is growing rapidly both in numbers and roles around the world. The

author argues that the increasing incorporation of women and their diversity of roles reflect a strategic logic -jihadi groups integrate women to enhance organizational success. To explain the structural metamorphosis of jihadi organizations and to provide insight into the strategic logic of women in jihadi groups, the book develops a new continuum typology, dividing jihadi groups into operation-based and state-building jihadi organizations. The book uses multiple methods, including empirical fieldwork and the conceptual framework of fragile states to explain the expanding role of women within organizations such as ISIS. Addressing a

---

much-overlooked gap in contemporary studies of women's association with militant jihadi organizations, this book will be of interest to scholars in the field of gender and international security, think tanks working on the Middle East security affairs, activists, policy-makers, as well as undergraduate and postgraduate students undertaking study or research associated with gender and militant non-state actors.

This text is a response to the erroneous Ahmadiyya (Qadiani) beliefs about the alleged prophet-hood of Mirza Ghulam Ahmad. It discusses in

depth the finality of prophet-hood with Prophet Muhammad in light of the Qur'an and traditions (ahadith). It also refutes the claims that connect Imam Mahdi with Mirza Ghulam Ahmad.
