Bittersweet Rebel Girls

Ambrose Young was beautiful. The kind of beautiful that graced the covers of romance novels, and Fern Taylor would know. She'd been reading them since she was thirteen. But maybe because he was so beautiful he was never someone Fern thought she could have...until he wasn't beautiful anymore. Making Faces is the story of a small town where five young men go off to war, and only one comes back. It is the story of loss. Collective loss, individual loss, loss of beauty, loss of life, loss of identity. It is the tale of one girl's love for a broken boy, and a wounded warrior's love for an unremarkable girl. This is a story of friendship that overcomes heartache, heroism that defies the common definitions, and a modern tale of Beauty and the Beast, where we discover that there is a little beauty and a little beast in all of us.

Between Port Coral, the quirky South Florida town they call home, and Cuba, the island her abuela refuses to talk about. As her college decision looms, Rosa collides—literally—with Alex Aquino, the mysterious boy with tattoos of the ocean whose family owns the marina. With her heart, her family, and her future on the line, can Rosa break a curse and find her place beyond the horizon?

Life in the well-manicured London locale of Hexam Place is not as placid and orderly as it appears. Behind the tranquil gardens and polished entryways, relationships between servants and their employers are set to combust. Henry, the handsome valet to Lord Studley, is sleeping with both the Lord's wife and his university-age daughter. Montserrat, the Still family's lazy au pair, is helping to hide Mrs. Still's illicit affair with a television actor—for a small fee. June, the haughty housekeeper to a princess of dubious origin, is hard at work forming a "society" for servants to address complaints about their employers. Meanwhile, a disturbed gardener, Dex, believes a voice in his cellphone is giving him godlike instructions—that could endanger the lives of all who reside in Hexam Place. A deeply observed and suspenseful update to the upstairs/downstairs genre, *The St. Zita Society* is Ruth Rendell at her incisive best.

Seventeen-year-old Matthew Munson is ranked thirteenth in the state in *Bash Bash Revolution*, an outdated Nintendo game from 2002 that, in 2016, is still getting tournament play. He's a high school dropout who still lives at home with his mom, doing little but gaming and moping. That is, until Matthew's dad turns up again.

Jeffrey Munson is a computer geek who'd left home eight years earlier to work on a top secret military project. Jeff has been a sporadic presence in Matthew's life, and much to his son's displeasure insists on bonding over video games. The two start entering local tournaments together, where Jeff shows astonishing aptitude for *Bash Bash Revolution* in particular. Then, as abruptly as he appeared, Matthew's father disappears again, just as he was beginning to let Jeff back into his life. The betrayal is life-shattering, and Matthew decides to give chase, in the process discovering the true nature of the government-sponsored artificial intelligence program his father has been involved in. Told as a series of conversations between Matthew and his father's artificial intelligence program, *Bash Bash Revolution* is a wildly original novel of apocalypse and revolution, as well as a poignant story of broken family.
