The #1 international bestseller In his appointments with patients, Dr. Saldmann noticed that illness was like a third person in the doctor-patient relationship. Patients expected him to prescribe medication to rid them of their illness or treat their symptoms, but didn't expect to have to change their behaviour. Medication alone, patients assumed, would do the work of healing. *The Best Medicine Is You* shows how small, basic changes—from eating chocolate in the morning to sleeping well at night—can improve your health, protect against disease, and help you lead a happier life. Your health is in your hands.

"If anyone wants to understand the fate of France in the 20th century, this is the book to read." --Arthur Herman, historian and bestselling author of *How the Scots Invented the Modern World*. In 1906, François Coty became a multimillionaire within two years of creating his first perfume, the legendary La Rose Jacqueminot. In the 30 years he ruled his perfume and cosmetics kingdom, Coty became France's first billionaire, acquiring unimaginable wealth during the most devastating war in the history of Europe, World War I. Born in Corsica next door to the home where his idol and distant relative Napoleon Bonaparte was born, Coty, with his unshakable charisma, ingenuity, and of course, his incredibly sensitive "nose," revolutionized the world's fragrance and cosmetics industry. Now, for the first time, comes this stunning biography of France's fragrance king, the incredible story of the ambitions, loves, losses, and triumphs of one of the 20th century's most famed yet enigmatic entrepreneurial geniuses.

The world has changed radically since 1989, when the General Assembly declared the period from 1990 to 1999 as the United Nations Decade of International Law. During that time, the international community claimed some major achievements as reflected by the adoption of conventions and treaties. This publication presents a collection of essays from legal advisers of States and international organizations, all of whom are among those committed to promoting respect for international law. Their contribution provides a practical perspective on international law, viewed from the standpoint of those involved in its formation, application and administration.
