The *Way of All Flesh* is often considered to be Samuel Butler's masterpiece, and is frequently included in many lists of best English-language novels of the 20th century. Despite this acclaim, Butler never published it in his lifetime—perhaps because the novel, a scathing, funny, and poignant satire of Victorian life, would have hit his contemporaries too close to home. The novel traces four generations of the Pontifex family, though the central character is Ernest Pontifex, the third-generation wayward son. The reader follows Ernest through the eyes of his watchful godfather, Mr. Overton, as he strikes out from home to find his way in life. His struggles along the

way illustrate the complex relationships between a son and his family, and especially his father; all while satirizing Victorian ideas about family, church, marriage, and schooling. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

Every man has secrets. Whether they are sinful or simply not in your best interest. . . whether you wall them off or stuff them down deep, you are not alone. But as author Stephen Arterburn warns, secrets are also the most dangerous force within a man, so finding a way to deal with the unspoken fears and questions that threaten to undo you is among your most important tasks. In this book, the author of the million-selling Every Man's Battle series courageously exposes what nearly 4,000 men like you said they think, feel and question — about themselves, their work, their marriage and family, their finances, and their faith — but don't dare to talk about. He also affirms again and again that the strength it takes to keep your secrets safe can be redirected to make a better life and a stronger you. Throughout these pages, Arterburn not only fleshes out each of twenty-five secrets but gives perspective on where those secrets come from, why they feel so important, and how to respond to them . . . to make life, love, work, and leadership easier for you and for everyone who loves you.
