This book is concerned to explore the changing role of the Parole Board across the range of its responsibilities, including the prediction of risk and deciding on the release (or continued detention) of the growing number of recalled prisoners and of those subject to indeterminate sentences. In doing so it aims to rectify the lack of attention that has been given by lawyers, academics and practitioners to back door sentencing (where the real length of a sentence is decided by those who take the decision to release) compared to front door sentencing' (decisions taken by judges or magistrates in court). Particular attention is given in this book to the important changes made to the role and working of the Parole Board as a result of the impact of the early release scheme of the Criminal Justice Act 2005, with the Parole Board now deciding in Panels concerned

that would change history. An eye-opening story of America on the edge of revolution. History remembers John Adams as a Founding Father and our country's second president. But in the tense years before the American Revolution, he was still just a lawyer, fighting for justice in one of the most explosive murder trials of the era—the Boston Massacre, where five civilians died from shots fired by British soldiers. Drawing on Adams' own words from the trial transcript, Dan Abrams and David Fisher transport readers to colonial Boston, a city roiling with rebellion, where British military forces and American colonists lived side by side, waiting for the spark that would start a war. From civil rights and Black Power to the New Left and gay liberation, the 1960s and 1970s saw a host of movements shake the status quo. The impact of feminism, anticolonial struggles, wildcat industrial strikes, and antiwar agitation were all felt globally. With social strictures and political structures challenged at every level, pulp and popular fiction could hardly remain unaffected. Feminist, gay, lesbian, Black and other previously marginalised authors broke into crime, thrillers, erotica, and other paperback genres previously dominated by conservative, straight, white

males. For their part, pulp hacks struck back with bizarre takes on the revolutionary times, creating fiction that echoed the Nixonian backlash and the coming conservatism of Thatcherism and Reaganism. Sticking It to the Man tracks the ways in which the changing politics and culture of the 1950s, '60s, and '70s were reflected in pulp and popular fiction in the United States, the UK, and Australia. Featuring more than three hundred full-color covers, the book includes in-depth author interviews, illustrated biographies, articles, and reviews from more than two dozen popular culture critics and scholars. Among the works explored, celebrated, and analysed are books by street-level hustlers turned best-selling black writers Iceberg Slim, Nathan Heard, and Donald Goines; crime heavyweights Chester Himes, Ernest Tidyman and Brian Garfield; Yippies Anita Hoffman and Ed Sanders; best-selling authors such as Alice Walker, Patricia Nell Warren, and Rita Mae Brown; and myriad lesser-known novelists ripe for

Out of tragedy, a hero is born!  
In the roaring heart of the crucible, steel is made. In the raging flame of personal tragedy, men are sometimes forged into something more than human. Wealthy and successful at an early age, Richard Benson was preparing to enjoy a long and happy life with his family when crime took away his wife and young

daughter. Once he was just a man, but now he is a machine of vengeance dedicated to the extermination of all crime. A figure of ice and steel, but more pitiless than both, Benson has become a symbol to crooks and killers--a terrible, almost impersonal force, masking cold genius and a nearly supernatural power behind a face as white and still as a dead man's mask. Only pale eyes, like ice in a polar dawn, hint at what awaits criminals when they invoke the rage of millionaire adventurer Richard Benson - The Avenger! Now, for the first time in over 30 years, the fearless/expressionless crime fighter; the man with the moldable face, the man with the shock white hair and the pale grey eyes, is back in action in a stunning collection of stories featuring all the action, adventure, and revenge Avenger fans have come to expect! Even well-meaning fiction writers of the late Jim Crow era (1900-1955) perpetuated racial stereotypes in their depiction of black characters. From 1918 to 1952, Octavus Roy Cohen turned out a remarkable 360 short stories featuring Florian Slappey and the schemers, romancers and ditzes of Birmingham's Darktown for The Saturday Evening Post and other publications. Cohen said, "I received a great deal of mail from Negroes and I have never found any resentment from a one of them." The black readership had to be satisfied with any black presence in the popular literature of the day. The best known white writers of black characters included Booth Tarkington

(Herman and Verma in the Penrod books), Irvin S. Cobb (Judge Priest's houseman Jeff Poindexter), Roark Bradford (Widow Duck, the plantation matriarch), Hugh Wiley (Wildcat Marsden, the war veteran who traveled the country in the company of his goat) and Charles Correll and Freeman Gosden (radio's Amos 'n' Andy). These writers deservedly declined in the civil rights era, but left a curious legacy that deserves examination. This book, focusing on authors of series fiction and particularly of humorous stories, profiles 29 writers and their black characters in detail, with brief entries covering 72 others.
