[First Steps in French Idioms](#) Harry N. Abrams

In the wake of the collapse of the Soviet Union and its Communist satellites, the Italian Communist Party began a heated two-year struggle over an identity and future. David I. Kertzer tells the riveting story of how Italy's second largest political party transformed itself into the new Democratic Party of the Left.

Sartre and Camus Dorrance Publishing

Fascinating, wide-ranging study describes and illustrates signs used for specific words, phrases, sentences, and even dialogues. Scores of diagrams show precise movements of body and hands for signing.

[Virtue Ethics](#) Humanities Press International

The relationship between the great Post-Impressionist artist Henri Matisse and his son, influential art dealer Pierre Matisse, is at the heart of this deftly revealing and moving biography, now in paperback. 96 illustrations, 48 in full color.

[Catalogue of Research Literature for Development: Food production and nutrition](#) Enslow Publishing, LLC

"What once began as a list of references, 'Femme Type' has developed into a growing platform and community where women's type work can easily be discovered and accessed by the wider world. Showcasing well over 80 type design and typography projects by over 40, talented, international women, 'Femme Type' aims to become a valuable source of inspiration and educational tool for established and young designers alike, encouraging more women to pursue a career in type." --back cover

Country Dark Lem é ac (Editeur)

The two-volume set LNCS 6974 and LNCS 6975 constitutes the refereed proceedings of the Fourth International Conference on Affective Computing and Intelligent Interaction, ACII 2011, held in Memphis, TN, USA, in October 2011. The 135 papers in this two volume set presented together with 3 invited talks were carefully reviewed and selected from 196 submissions. The papers are organized in topical sections on recognition and synthesis of human affect, affect-sensitive applications, methodological issues in affective computing, affective and social robotics, affective and behavioral interfaces, relevant insights from psychology, affective databases, Evaluation and annotation tools.

Source Book in Anthropology Palgrave Macmillan

Sandy Hook Elementary School...Columbine High School...San Bernardino Social Services Center...Aurora Movie Theater. There are more school shootings and public massacres than anyone wants to believe. What motivates the people behind these horrific crimes? This book addresses the needs of high school psychology students, detailing the accounts of the shooting sprees. This timely text follows with details of the individuals responsible for the acts and describes how mental health professionals seek to break the physical and psychological motivations of the mass murderers.

[Four Strange Books of the Bible](#) MSU Press

Edited by Philip Thody, translated by Ellen Conroy Kennedy. "Here now, for the first time in a complete English translation, we have Camus' three little volumes of essays, plus a selection of his critical comments on literature and his own place in it. As might be expected, the main interest of these writings is that they illuminate new facets of his usual subject matter."--The New York Times Book Review "...a new single work for American readers that stands among the very finest."--The Nation

How Many Female Type Designers Do You Know? Ibis Rouge

Traces the life and career of the singer and actor, contrasting his personal and professional images

L'Avenir catholique French List

Personal essays recount Todorov's experiences with and understanding of different kinds of totalitarianism.--

[Enchanted Dulcinea](#) Heinemann Educational Books

"Titian's fame as the greatest colorist in the history of painting has led students of his art to concentrate on problems of style and authenticity rather than on problems of content and meaning. Dr. Panofsky treats this neglected aspect of the Venetian master's work with a wealth of humanistic scholarship, exploring such varied topics as Titian's relationship to the philosophy and literature of his time, his attitude toward the antique, and the reasons behind his unrivaled acclaim as a portraitist. These studies show Titian to have been a man of far richer and more complex culture than hitherto assumed, possessed not only of the supremely gifted hand but of a subtle

and poetic mind. Dr. Panofsky thus deepens our insight into the workings of a great artist's imagination and guides us to a fuller understanding of his genius. At the time Dr. Panofsky was preparing this book for publication, he wrote: "The illustrations were made from the best available originals and are all in black-and-white not in spite of but because of the fact that Titian was the greatest colorist that ever lived."--Book jacket.

FEMME TYPE Schocken

This book aims to shine light on work of women in type.00The first part of the book offers research on the gender issue in type design field. It includes statistics, data and an overview of some works that address this issue. Further it contains some biographies of female type designers that worked in the 19th and in the beginning of 20th century. These women contributed to the industry, yet they are rarely mentioned in educational material.0The second part is a series of the interviews with 14 women that are either currently working as type designers or are in any other way involved in the field of type design. These interviews intend to uncover the topic of unequal share of female and male speakers at type conference as well as the lack of women in the industry. The last part of the book is a showcase of typefaces designed by women. The purpose of this part is to show the great amount and broad variety of such typefaces.

[The Lovers](#) Yale University Press

Virtue ethics predominated in the ancient world, and recent moral philosophy has seen a revival of interest in virtue ethics as a rival to Kantian and utilitarian approaches to morality. This book brings together influential works on the subject.

New Approaches to Discourse and Business Communication Presses Universitaires de France - PUF

Pauline is young and coquettish. She is also happily married to Marc and has a child. Gilles, kind and self-confident, is twenty years older and a recent divorcee. After he watches Pauline one morning, he asks to meet her. In spite of herself, Pauline agrees. Alice Ferney unfolds the next stages of the seduction in forensic detail and with devastating lucidity. As Pauline faces the possibility of an affair, she is thrown into confusion. Is she just feeling flattered because she is desired? Is she indulging in a fantasy version of love? Or could she have truly fallen for a stranger? We also eavesdrop on the lives of the people around Pauline and Gilles, from Pauline's adoring and unsuspecting husband, to Max and Eve's disintegrating marriage, to Penelope and her relationship with a man older than her father, and Laura, who desperately wants a child. Together, their stories make up a complete picture of the changing degrees of love.

Lyrical and Critical Essays Editions OPHRYS

This design for future-ready human resources is a futurist guide to the challenges and changes lying ahead in the world of work and offers a way forward. The world of work is evolving at an exponential rate, and significant shifts are expected. COVID-19 was a warm-up lap and an accelerator of changes, but many still lie ahead. Those changes are rarely addressed in current general HR thinking. At the same time, the growing complexity is making employees and employers alike anxious about the future of work. This is an academic-grade book backed up by evidence-based trends and signals and offers pragmatic upskilling pathways. It is priceless in such an environment for forward-looking scholars and present-oriented, pragmatic industry captains and HR leaders compelled to find answers for their inevitably obsolescing, inorganically morphing workforce. The book was written by the former Director of HEC Lausanne 's Executive MBA and founder of Executive Education of HEC Lausanne, with 12 years ' experience in leading and designing educational programs, together with a NATO- and U.S.-awarded futurist with experience in academic teaching and executives training. This volume offers metaphors to help convey the messages, a clear structure to plan for the decade to come, and several guidelines to follow.

[Sign language among North American Indians compared with that among other peoples and deaf-mutes](#) Phaidon Press

Contemporary scholarship tends to view Albert Camus as a modern, but he himself was conscious of the past and called the transition from Hellenism to Christianity "the true and only turning point in history." For Camus, modernity was not fully comprehensible without an examination of the aspirations that were first articulated in antiquity and that later received their clearest expression in Christianity. These aspirations amounted to a fundamental reorientation of human life in politics, religion, science, and philosophy. Understanding the nature and achievement of that reorientation became the central task of Christian Metaphysics and Neoplatonism. Primarily known through its inclusion in a French omnibus edition, it has remained one of Camus' least-read works, yet it marks his first attempt to understand the relationship between Greek philosophy and Christianity as he charted the movement from the Gospels through Gnosticism and Plotinus to what he calls Augustine's "second revelation" of the Christian faith. Ronald Srigley's translation of this seminal document helps illuminate these aspects of Camus' work. His freestanding English edition exposes readers to an important part of Camus' thought that is often overlooked by those concerned primarily with the book's literary value and supersedes the extant McBride translation by retaining a greater degree of literalness. Srigley has fully annotated Christian Metaphysics to include nearly all of Camus' original citations and has tracked down many poorly identified sources. When Camus cites an ancient primary source, whether in French translation or in the original language, Srigley substitutes a standard English translation in the interest of

making his edition accessible to a wider range of readers. His introduction places the text in the context of Camus' better-known later work, explicating its relationship to those mature writings and exploring how its themes were reworked in subsequent books. Arguing that Camus was one of the great critics of modernity through his attempt to disentangle the Greeks from the Christians, Strigley clearly demonstrates the place of Christian Metaphysics in Camus' oeuvre. As the only stand-alone English version of this important work-and a long-overdue critical edition-his fluent translation is an essential benchmark in our understanding of Camus and his place in modern thought.

Terracotta Ovens of My Childhood Routledge

This annotated translation of *Enchanted Dulcinea* by Mexican author Angelina Muñiz-Huberman features a narrator traveling through memories, times, and places. The author's mystical novel exemplifies crypto-Judaism and exile in Latin America and highlights her importance in the Sephardic literary tradition.

L'immigration en France Random House Incorporated

This book is a collection of new studies of the role of discourse in communication in business and other professional fields, offering a multidisciplinary approach and providing a number of representative perspectives to the different theoretical and methodological traditions that characterize this subject.

Letter from Morocco Onomatopée

Papus' 1893 book on Magic was the first to bring together all the Grimoires into one book, and provide a clear path of study to perform the Solomonian Rites. He brings his scientific mind to argue that experimentation in the astral is just as important as scientific inquiry, as he takes us on a fascinating journey through late 19th Century France.

Matisse Walter de Gruyter GmbH & Co KG

Letter from Morocco is a compelling story of "homecoming," beginning with Christine Daure-Serfaty's touching accounts of friends re-found after many years, of places in memory brought vividly back to life, of remembrances resurfacing to sweep over her emotions and overwhelm her consciousness. Her husband, Abraham Serfaty, is honored, celebrated, and invited to travel throughout the country as a hero. But for her, bits and pieces of the past suddenly and unexpectedly appear, bitter memories of lives lived "before" haunt her, memories of the prison, of the ongoing struggle to let the world know, memories of the injustice of their imprisonment, and of the waiting, always the waiting.

The Suns of Independence Grove Press

In a series of highly publicized articles in 1952, Jean-Paul Sartre engaged Albert Camus in a bitter public confrontation over the ideas Camus articulated in his renowned work, *The Rebel*. This volume contains English translations of the five texts constituting this famous philosophical quarrel. It also features a biographical and critical introduction plus two essays by contemporary scholars reflecting on the cultural and philosophical significance of this confrontation.
