Title: Ernstes und Heiteres aus Mecklenburg. Gesammelt von H. C. D. Staudingersen. Publisher: British Library, Historical Print Editions The British Library is the national library of the United Kingdom. It is one of the world's largest research libraries holding over 150 million items in all known languages and formats: books, journals, newspapers, sound recordings, patents, maps, stamps, prints and much more. Its collections include around 14 million books, along with substantial additional collections of manuscripts and historical items dating back as far as 300 BC. The HISTORY OF EUROPE collection includes books from the British Library digitised by Microsoft. This collection includes works chronicling the development of Western civilisation to the modern age. Highlights include the development of language, political and educational systems, philosophy, science, and the arts. The selection documents periods of civil war, migration, shifts in power, Muslim expansion into Central Europe, complex feudal loyalties, the aristocracy of new nations, and European expansion into the New World. ++++ The below data was compiled from various identification fields in the bibliographic record of this title. This data is provided as an additional tool in helping to insure edition identification: ++++ British Library Staudinger, H C. D.; 1897. 8 ° . 10256.g.2.

Wort und wert

"This volume explores the tension between mass death and individual loss by linking long-term patterns of mourning, burial, and grief with the short-term cataclysmic violence unleashed by two world wars. How various "cultures of death" shaped the broader historical relationship between the living and the dead in modern Germany is the main concern of this book. It contributes to a history of death in Germany that does not begin and end with the Third Reich."--BOOK JACKET.
