A story that describes the correct way to compose a sentence. National Geographic Kids Almanac 2016 Priddy Books US The Berlin Wall finally came down in 1989. Now readers can find out why it was built in the first place; and what it meant for Berliners living on either side of it. Here's the fascinating story of a city divided. In 1961, overnight a concrete border went up, dividing the city of Berlin into two parts - East and West. . The story of the Berlin Wall holds up a mirror to post-WWII politics and the Cold War Era when the United States

and the USSR were enemies, always on the verge of war. The wall meant that no one from Communist East Berlin could travel to West Berlin, a free, democratic area. Of course that didn't stop thousands from trying to breach the wall - more than one hundred of them dying in the attempt. (One East Berliner actually ziplined to freedom!) Author Nico Medina explains the spy-vs-spy politics of the time as well as what has happened since the removal of one of the most divisive landmarks in modern history. Ned Kelly, famous outlaw and folk hero, grew up in Australia in the late 1800s. His life of crime began as a teenager stealing horses and later escalated to murder. Kelly soon had a price on his head, which could be collected through his capture or death. This high-interest volume relays the events that led to Kelly's hanging in 1880 and why he became a hero to many Australians. Photographs of Kelly and his accomplices, additional information in sidebars and fact boxes, and direct

quotations from those involved reveal much about Australia's history and culture. “ With Secrets, Nuruddin Farah

solidifies his reputation as one of the world 's great writers. ” —Ishmael Reed Set against the backdrop of the civil war in Somalia, this stunningly ambitious novel was a Los Angeles Times Book Review Best Fiction of the Year Selection. In Mogadiscio, the dictator is preparing to flee and clans are moving into the city, which rattles with machine gun fire. Society is collapsing under the weight of its own perversities. Unexpectedly, Kalamán, a businessman who owns a computer store, receives a visit from his childhood crush, who has returned from America to take him up on an old pledge—and have his child. The arrival of his house guest pulls Kalamán back into a past he thought he had escaped, rife with

doubts and secrets that go deep into his heritage. In a dazzling display of storytelling genius, Nuruddin Farah weaves together myth and magic, shape shifters and tribal wisdom, frank sexuality and lyrical prose as Kalamán revisits his own coming of age story and finds the heartbreaking tale of his family's lost innocence amid the ravages of authoritarianism. With *Secrets*, the culmination of his *Blood in the Sun* trilogy, Farah draws readers through the rifts that have torn across Somali society and into the culture and mindset of his troubled country.
