JJ THE CPA HERE! Learn how to gain massive referrals for any business by first mastering the art of this with the Certified Public Accountant... the CPA. Referrals do what? Put easy money in your pocket, am I right? Of course I am or you wouldn't still be reading this. Hey, guess what? I am THE CPA and in this book I am going to let you enter my mind so you can unlock the sequence of receiving any referral and become a master at CRACKING THE REFERRAL CODE. Question for you: Want to make a living over your career or millions? Yes? Good! I won't let you down. Stay with me...

True or false? If you learn to CRACK THE CPA CODE, and gain referrals from the CPA, then you can gain referrals from anyone? TRUE! You bet your bottom dollar that's true. Follow me here, and see if you agree... The CPA is the hardest nut to crack to get referrals from? If you agree that means you are very successful because you've experienced it. I am going to throw this down though. If you don't have a referring relationship with a CPA, no way you are as successful as you could be with the CPA actually in your corner. Let me put my money where my mouth is and

tell you my practice is literally worth over \$10 million in referrals, and I am small CPA firm. Let's get down to brass tax. Through this process of you learning to CRACK THE CPA CODE, you will not only learn how to successfully gain referrals from one of the most revered professionals in the business world, you will be become a magnet to other professionals you wish to do business with because.... you will be known as trusted professional by the CPA. Know why that is key? That leads to you being seen as a trusted adviser as well. How? Why? Let's think on this. You being trusted

by the CPA sends the flare-up to all your allies, competitors and peers, that you are someone who is trustworthy! And you know this. What does anyone require of you, to refer their clients to you? My late Grandfather told me this. Trust! Someone must trust you before they refer anyone or anything your way. Why? When you receive a referral you now represent, in part, the person that sent you the referral. If you are known, which you will be after reading my book, as being a trusted professional by the CPA, you will have achieved what many of your peers and competitors

never have which is being welcomed aboard the battleship with the CPA; the most trusted professional in the world. Want an easy combination to remember? WWWWWH. Here is another, ABC, 1-2-3, KISS. Follow the dots on the road map I share with you, and I will lead you to the promise land. Remember, what I told you in the beginning that you are going to hear what is going on inside the CPA's head, so you are going to gain some unfair advantages with your opponent as I also reveal the warning signs to look for and dangers to remove to ensure your sweet deal closes.

Know what "professional skepticism is?" Know why CPAs can come across awkward? Know how to learn from defectors like sarcasm and turn that into an ace in your pocket? Well, I am giving you the playbook on knowing what to look for and more importantly what to expect so that you will move smoothly through unlocking millions for you and your company, and **CRACKING THE CPA CODE.** Buckle up my friend! **THANK YOU FOR READING** the description of my book. I also hold workshops to walk you through your specific land mine,
