20,125 Questionable Doctors Disciplined by State and Federal Governments: OK-WY Lulu.com

In 1907, author, poet, essayist, and folk art historian Eliza Calvert Hall (1856--1935) published *Aunt Jane of Kentucky*, a collection of stories about rural life infused with the spirit and gentle good humor of its elderly narrator, Aunt Jane. The book and several sequels achieved wide popularity, reaching an estimated one million readers in her lifetime, and placed Hall in the front ranks of "local color" fiction writers of her time. Eliza Calvert Hall's life and work unfolded during a time of restlessness and change for American women. Born Eliza "Lida" Calvert in Bowling Green, Kentucky, Hall experienced the upheaval of both the Civil War and family scandal. Forced to help support her mother and four siblings by teaching school, she became a published poet, adopting her grandmother's name, Hall, as her pseudonym. At twenty-nine, she married William A. Obenchain, and in the space of eight years gave birth to four children. As Hall struggled to balance her writing career with the duties of a nineteenth-century wife and mother, suffragist Laura Clay was lobbying for every woman's right to vote. Hall joined the battle, writing fearlessly in support of suffrage and equality. While her passionate essays served as a direct appeal for this cause, her creative writing also carried a feminist spirit, celebrating the strength, humor, love, and art of the common woman. In *Eliza Calvert Hal: Kentucky Author and Suffragist*, Lynn E. Niedermeier tells the story of this remarkable Kentuckian for the first time. Hall's challenge was to balance the artist's creative ambitions with the crusader's passion for achieving the goal of political equality for American women. Her successes did not stem from privilege or leisure; although she was an acclaimed writer, Hall was an ordinary woman, a wife and mother of moderate economic means. Through the power of her words, she challenged others to match her courage, independence, intellectual energy, and loyalty to her sex.

Small Business Sourcebook Elsevier Health Sciences

The Supreme Court's 1857 *Dred Scott* decision denied citizenship to African Americans and enabled slavery's westward expansion. It has long stood as a grievous instance of justice perverted by sectional politics. Austin Allen finds that the outcome of *Dred Scott* hinged not on a single issue—slavery—but on a web of assumptions, agendas, and commitments held collectively and individually by Chief Justice Roger B. Taney and his colleagues. Allen carefully tracks arguments made by Taney Court justices in more than 1,600 reported cases in the two decades prior to *Dred Scott* and in its immediate aftermath. By showing us the political, professional, ideological, and institutional contexts in which the Taney Court worked, Allen reveals that *Dred Scott* was not simply a victory for the Court's proslavery faction. It was instead an outgrowth of Jacksonian jurisprudence, an intellectual system that charged the Court with protecting slavery, preserving both federal power and state sovereignty, promoting economic development, and securing the legal foundations of an emerging corporate order—all at the same time. Here is a wealth of new insight into the internal dynamics of the Taney Court and the origins of its most infamous decision.

Becoming a Mental Health Counselor Real Estate Exam Professionals, Ltd.

A career tool for job-seekers, career changers, licensing officials and for people who are relocating. Watch for future supplements with additional states.

Origins of the Dred Scott Case Mometrix Media LLC

Emotionally charged issues abound in matrimonial practice, especially in custody disputes. Expert testimony can have a dramatic impact on the outcome of a case, and when matters are highly sensitive or sensational the seeming objectivity of an expert can be dispositive. To effectively reinforce or question that testimony, certain specialized knowledge is essential. Scientifically accepted standards and theories are constantly evolving. Keeping up with the data had been a challenge, but one integrated resource has made it simple. *Aspen Publishers' Psychological Experts in Divorce Actions* pulls all the research together into the definitive guide to understanding the role of psychological evaluations in divorce and custody actions. Focused on providing the best approach to protecting your client's interests, this work explains all the leading testing instruments, what conclusions may be drawn and how to challenge or support those conclusions. In addition to offering effective examination and cross-examination strategies, it assists you in handling the gamut of psychological factors that affect clients in divorce and custody cases. Authors Marc J. Ackerman, Ph.D., and Andrew W. Kane, Ph.D., are licensed psychologists who have been involved in hundreds of custody cases. Drawing on their extensive experience—testing parties to a divorce and treating psychological patients in the clinic—and as psychological experts in the courtroom, they identify the most important psychological evaluation research used in divorce and custody decision-making and distill the information into clear terms lawyers can readily apply. They also examine vital issues including: Ethics—confidentiality, privilege, duty to warn or protect (Tarasoff), sharing raw data, test integrity Sexual abuse—bona fide or fabricated allegations, psychological effects of sexual abuse, profiles of abuser and abused Testing—personality tests (including MMPI-2, And The new MMPI-2-RF, Rorschach, Millon, TAT); intelligence tests (Wechsler scales, Kaufman scales, Stanford Binet); custody tests (ASPECT, PCRI, PASS, BPS); and many more How divorce affects families—custody, placement, age and gender differences, grandparents, sexual preference, psychological problems

Today, we accept that we live on a planet circling the sun, that our sun is just one of billions of stars in the galaxy we call the Milky Way, and that our galaxy is but one of billions born out of the big bang. Yet as recently as the early twentieth century, the general public and even astronomers had vague and confused notions about what lay beyo
Index-catalogue of the Library of the Surgeon-General's Office, United States Army

By the early twentieth century, Basil Wilson Duke had established himself as one of Kentucky's most popular storytellers, but unlike many other talented raconteurs, Duke was not merely a man of words. In *Basil Wilson Duke, CSA*, the first full-length biography of this distinguished American, Gary Robert Matthews offers keen insight into the challenges Duke faced before, during, and after the strife of the Civil War. As first lieutenant of General John Hunt Morgan's legendary band of Confederate raiders, Duke became Morgan's most trusted advisor and an integral contributor to his dramatic tactical successes. Duke was twice wounded in battle and was captured during a raid in Ohio in 1863. Held captive for over a year, Duke rejoined Morgan's cavalry in August 1864, only days before Morgan (who was Duke's brother-in-law) met his demise in Greeneville, Tennessee. Promoted to brigadier general and appointed commander of Morgan's men, he helped convince Jefferson Davis of the futility of continued resistance at the close of the war and was assigned to the force escorting Davis in his escape. Duke's life of action and achievement, however, did not end with the war. He wrote *A History of Morgan's Cavalry*, preserving for posterity the experiences of his fellow warriors, and covered for the *Louisville Courier-Journal* an 1875 horserace that would eventually be known as the first Kentucky Derby. He built a reputation as a skilled historical writer, and his interests led him to help found the *Filson Historical Society* in Louisville. Duke also applied his talents to public and political life. He opened a law office and was elected as a Democrat to the Kentucky House, where he served until 1870. Then applying his legal expertise and political connections at the state and national levels, Duke represented the powerful L&N Railroad as the company's chief lobbyist in the aftermath of the war and during the emotionally charged era of Reconstruction. Gary Robert Matthews's comprehensive study of the life of Basil Wilson Duke allows a great soldier and statesman to step out of the shadows of the past.

Professional and Occupational Licensing Directory

In this nuts-and-bolts guide, over 750 professionals speak candidly about

“ the good, the bad, and the ugly ” of two dozen popular professions.
